MAYOR'S MESSAGE

Summer is fast approaching, and school will soon be out. That means Founders Day is just around the corner. We are continuing to prepare for our normal events with the highest hopes that we will be able to have a wonderful community celebration this year. Depending on the Health Department rules, it may be necessary to alter some events. Masks, social distancing, family groups, etc. The hard part is we have absolutely no idea what they will be requiring come June 26th. It is all going to come down to what level we are in coming into the event. The Founders Day Committee is telling me that they believe they can meet all requirements that the Health Department may impose. So, keep your fingers crossed.

Thanks to everyone that has been working at cleaning up our City. I have seen multiple posts on Facebook and the City has received multiple calls asking for volunteer projects that may be needed around the City. So much has been done, but I think we can always come up with something. It doesn't need to be complicated. I recently saw a post from a 10-year-old beautiful young lady named Addison that had gone through her neighborhood and picked up a great big garbage bag full of trash from one of our many windstorms. Simple, easy, selfless and it shows that she loves her neighborhood. Again, it doesn't need to be complicated to contribute to our community.

Just another reminder that we are in a drought. Please use your water sparingly and thoughtfully. Not only secondary water, but our culinary water as well. Shorten your showers, make sure you're only doing full loads of dishes and wash. Do not let the water just run down the sink while brushing your teeth. Simple things multiplied by 11,000 people add up quickly to ensure we make it through the water year.

Lastly, as this pandemic seems to be drawing to its eventual end, I am so proud of each of you for stepping up and stepping forward to do what you needed to do for yourself, your families, your businesses, your friends, your employees, your community, and your country. Let us all hold our heads high. Let us regroup and carry-on going forward. Let us be proud that we did the best we could do. Let us remember that everyone did not escape this terrible pandemic unscathed. Several families within our community lost loved ones and most people I have talked with know of a loss or of someone that is still struggling. Stay strong, stay safe, there are better days ahead.

I am so proud to be able to represent such great citizens. Thank you so much for all you are doing. Thank you for how you're adapting. Please continue to monitor and heed the advice that is being given to help you to stay safe.

Have a great summer and remember I am committed to doing whatever it takes to ensure that Pleasant View remains the best place to not only grow up, but the best place to grow old.

Rules for Placing Containers out for Collection

Place containers side-by-side in the street, 6 feet apart, with wheels against the curb. Do not overfill; lids must be completely closed.

Keep all containers 6 feet away from anything that may block the collection truck, including parked cars, trees, and basketball hoops.

Keep your neighborhood litter free and clean—Containers CANNOT be overloaded.

There should not be excess waste on top of, around, or protruding from container. Containers that are overloaded may not dump correctly and may spill trash. If you need another container, please contact your city.

The 6 Foot Rule

Containers must be placed at least 6 feet away from other cans, light posts, mail boxes, fences, or other structures. Containers must also have an overhead clearance of 14 feet. These measures will allow the truck's lifting arm to access and properly dump the can.

- Building and construction debris (dirt/rocks, tree trunks, carpets or large scraps)
- Furniture, appliances, or auto parts (water heaters, major appliances, couches/chairs, car bumpers, fenders, engine blocks, batteries, items over 50 lbs)

NOT ACCEPTABLE
Containers are overflowing & too close together.
