## MAYOR'S MESSAGE

This month I wanted to talk about taking things for granted. After a recent camping trip to the Monte Cristo area, I was discussing the beauty and absolute majesty of our mountains with my father. We live at the base of such a beautiful peak, and yet somehow we just seem to forget because it's just there, always just there. We all go about our hectic lives running here and there. Day in and day out the truly amazing mountain is there for us, yet we hardly notice. I then started thinking about other things we have, that we just expect and basically panic or at the very least fret over when something goes awry. Our drinking water is a prime example of this. Even our secondary water falls into this category. What if we woke up a winter day and had a foot of snow and no snowplow ever came around to plow any of our streets. What if our garbage was not picked up for just one week or if our power stopped working or the sewer ceased functioning? We have so much to be thankful for and we just expect it to automatically happen. Each of these things take more than the resource that they are. They take people and that is what differentiates them from the mountain. They don't just sit there to be admired every so often at a whim. We turn on the tap and we expect our precious water to flow. We need police, fire or medical and we dial 911 and we expect help to arrive quickly, and it does! People make the difference, and I just hope you will all join me in remembering that it's people. People work for you and me to make this community a wonderful place to live. When dealing with the problems that pop up now and then remember these people aren't causing the problems, they are fixing the problems. Please be kind and courteous when dealing with people and don't take them for granted.

Finally, if you haven't had a chance to attend a food truck event at Barker Park, I would encourage you to come and give it a try. There is plenty of fun to be had. Be on the lookout for more events, food, and fun at the park. A special thanks to our Recreation Director Cindy and to Council Member Urry for putting these events together.

Once again, thanks for caring, thanks for all you do, and thanks for being good neighbors. I am committed to doing whatever it takes to ensure that we remain the best place to not only grow up, but the best place to grow old.

## NEW THIS YEAR! Pleasant View is hosting a 9th-12th grade COED SOFTBALL LEAGUE!

Games will be Tuesday and Thursday nights during September @ the Pleasant View North field: 6:30 pm or 8 pm

\$25/ includes 8 games- no jersey

Registration closes August 31st- tell your friends!

Teams will be COED and staffed by only one umpire to help facilitate the game. There will be no coaches assigned or official practices scheduled. A team captain will be selected to be responsible for equipment and provide a batting lineup. The goal of this league is to provide an active outlet for teens.

In the event there are not enough registrants to create full teams, this will become a "Show-up and Play League" where teams will be created among those present by the umpire and a game will be played. If you choose not to participate when this is determined, contact PV Rec and a full refund of your registration fee will be issued.
