MAYOR'S MESSAGE

Recently I have seen a few posts on social media talking about a lack of businesses in our city. I thought I would take this opportunity to list what has been coming into our city the past couple of years. This does not include Home Occupation businesses. I'm certain that many of you don't even realize they are here in Pleasant View. I thought I would list the projects and then encourage each of you to go on a little drive and check out what's happening in our great city.

2018

2019

2020

Open Applications pending approval

Commercial development EK Bailey 8 pads on 2700 N, Dutch Brothers, Reverse Engineering, Lott Cabinet Shop.

There is also a list of businesses that have approached the city and that have property under contract and are working with us and UDOT for final concept approval. I am not at liberty to disclose the names of these businesses until they make a formal application, but we are very excited and cannot wait to be able to announce these businesses and their locations. These are large retail businesses and will be located along 2700 North. Much more to come on this!

As is always the case when I put together a list of anything, I worry that I have forgotten someone or not stated it correctly. If I've missed you, please email me and I will put you in next month.

I am committed to doing whatever it takes to ensure that Pleasant View remains the best place to not only grow up, but the best place to grow old.
